Three of Kelowna newest businesses jump into the Kelowna community and help raise **\$15,585.00** for the **Childrens' Ward of the Kelowna General Hospital**. The idea started when Decoa and Jeff Harder were challenged by Jay Blackford managing partner and owner of Cabana Bar and Grille to get some Rolling Stones memorabilia to showcase with their Rolling Stones *Satisfaction* wine that is featured at his restaurant. With a couple of calls the Harders had an autographed guitar signed by all members of the Rolling Stones sent in from New York. After a few more meetings the Harders and Blackford together with partners Ned Bell and Michael Borg decided that the Guitar was great, but let's put it to action. "Because none of us play guitar Decoa suggested we raise money for the Childrens' Ward of the Kelowna General Hospital and auction it off," stated Jeff Harder. Dallas and Walter Gray's new K 96.3 was honored to help with the live on air auction on their morning show.

"We salute and send a very special thank you and congratulations to Kevin Kellerman of Kelowna for his winning bid of \$10,000 for the Rolling Stones Guitar. All of us were ecstatic with that bid, and its people like Kevin Kellerman whom are the strength and character of our great community," commented Jeff. People were also calling in to make minimum \$10 pledges for the duration of the 3 -Day live radio auction January 29 - 31; an additional \$5585.00 dollars was raised bringing the campaign total to **\$15,585.00**.
