

2022 Pinot Gris

Out of Nothing...

WINEMAKING

Fruit was picked on October 2nd, 10th, and 21st from our Lake Country Estate vineyard, our Parsa vineyard in OK Falls, and from our partner grower in Osoyoos. Each underwent a cool and controlled ferment that lasted between 14-21 days. The result is a Pinot Gris that has rich texture and depth from our southern fruit, and a bright fruit-forward nose from our northern fruit.

TASTING NOTES

Welcome to the Okanagan Summer fruit stand in a glass. Aromas of all things pear, gala apple, and subtle lemon zest. With the perfect balance of acidity and sweetness, this bright and refreshing Pinot Gris will linger on your palate, making it the perfect patio wine.
